

# Policy Against Sexual Abuse and Sexual Harassment

IHNA-SASH.1.0

## SECTION 1

### Purpose

1. This policy sets out the principles and commitment to preventing and responding to incidents of all forms of sexual abuse, including exploitation, assault and harassment for students, staff and visitors at the Institute of Health & Nursing Australia (IHNA).
2. To ensure a safe study and work space which is free from all types of sexual assault, sexual harassment (including exploitation), (SASH) for all stakeholders.
3. To ensure that all stakeholders are aware of their responsibilities if involved in an incident, in any capacity.

### Scope

4. This policy applies to all students, staff and other stakeholders engaged in activity on Institute of Health and Nursing campuses, participating in online and offshore activities regardless of the location or environment in which the incident occurs.

### Definitions

Definitions added to the Glossary of Terms.

## SECTION 2

### Principles

5. The principles outline in this policy exemplify Institute of Health and Nursing Australia's commitment to cultivating a secure and nurturing environment for both staff and students.
6. IHNA upholds a strict zero-tolerance stance against all forms of sexual abuse, ensuring that every allegation is addressed with impartiality and procedural objectivity.
7. Preventative measures are integral to our approach, with educational programs and awareness training seamlessly integrated into student and staff resource materials to empower stakeholders as advocates for change.
8. IHNA manages counseling internally and externally by Relationship Australia medical services (external hospitals and clinics), and an interpreter service (external - Australian Government, Department of Home Affairs -Translating and Interpreting Service), with utmost confidentiality and respect for privacy. Survivors' rights, needs and wishes are paramount, balanced with procedural fairness for all involved.

9. The primary consideration in managing disclosure is maintaining the well-being of all parties involved.
10. It is expected that IHNA's students and staff, particularly executive members, coordinators, and faculty, will respond to incidents of sexual abuse, assault, and harassment with sensitivity and support.
11. IHNA collaborates with support services such as Victoria Police Service and other external organisation to ensure adherence to correct protocols and professional, sensitive management of disclosures.
12. Our incident reporting procedures are designed for efficiency and accessibility, minimizing the need for survivors to repeatedly recount their experiences.
13. Taking adverse action against parties who report incidents may breach the Fair Work Act 2009 (Cth.) and the Protected Disclosure Act 2021 (VIC). Any form of discrimination related to grievance resolution is also strictly prohibited.
14. Recognizing the potential for power imbalances to foster abusive behavior, particularly in cases of transactional sex and inappropriate associations, IHNA considers factors such as seniority and power differentials across various dimensions (e.g. ethnicity, gender orientation, religion, age, socioeconomic status) when addressing reported incidents.

### Disclosure, Monitoring and Review

15. In instance where a party under the age of 18 (a minor) reports a sexual assault, IHNA is mandated by law to liaise with the respective state and territory Police. The coordination of all communication with the relevant police personnel will be overseen by the Academic Director.
16. Individuals over the age of 18 who have experienced sexual misconduct or other more serious incidents have the right to decide what information they want to disclose.
17. A process of providing information and support will be commenced once a student or staff member makes a disclosure.
18. An internal investigation may be initiated as required if the incident was not reported by the victims or witness to the police.
19. IHNA will not take any further action on any disclosure which is under police investigation.
20. A critical incident form is used to report a sexual misconduct incident and a detailed report is to be completed within 5 working days.
21. IHNA's Executive Management Committee is responsible for gathering and analysing the data

related to sexual abuse, assault and harassment which will inform the development of procedures aimed at minimizing future incidents. Key aspects to be considered include:

- a. The number and types of reported incidents, including those reported to external authorities.
  - b. The progress of each incident, including any disciplinary measures taken.
  - c. Analysis of incident data to identify trends or patterns.
  - d. Recommendations for additional education initiatives to prevent future incidents.
22. The Executive Management Committee will provide regular reports to the Board of Directors, facilitated by the Chief Executive Officer. Additional reports may be generated in response to critical incidents.

### Responsibility

- 23. The National Training Manager has the overall responsibility of this policy.
